

America! Fight the Culture of Death!

The **Freedom of Choice Act**¹ is the most radical abortion law that pro-abortion members of the U.S. Congress are plotting to sign into law with pro-abortion President Obama. **What will FOCA do?**²

- Overturn all abortion restrictions and regulations on abortion in all 50 states.
- Guarantee tax-funded abortions
- Expand abortion facilities all over the U.S.
- Eliminate regulations that protect women from unsafe abortion clinics
- Force hospitals, doctors and nurses to comply with the abortion law
- Eliminate parental notification and consent laws nationwide & restrictions on transporting minors across state lines for abortions

F.O.C.A. will overturn the federal ban on partial birth abortion (infanticide) What is Partial Birth Abortion?³

“Most partial-birth abortions are performed in the 20-26 week range (the fifth and sixth months), and some are performed even later.”⁴

America!
